

Feed Analysis Request Form

Weld Laboratories, Inc. - 1527 First Ave. - Greeley, CO 80631 - (970) 353-8118

Date: _____

Lab No. _____

Report To: _____

Bill To: _____

Sample ID	Sample 1	Sample 2	Sample 3	Sample 4

NIR(check box)
 (NIR analysis includes Moisture, Protein, ADF, NDF, Calcium, Phosphorus, Potassium & Magnesium)

NIR RFQ(check box)
 (For Alfalfa Hay; Includes basic NIR plus dNDF48, Lignin, Ash & Fat)

NIR TDN(check box)
 (For Corn Silage; Includes basic NIR plus dNDF48, Lignin, Ash & Fat)

Wet Chemistry (Check Boxes Requested Below)

Test	AR	DMB	AR	DMB	AR	DMB	AR	DMB
Moisture (%)								
Crude Protein (%)								
Calcium (%)								
Phosphorus (%)								
Crude Fiber (%)								
ADF (%)								
NDF (%)								
Nitrate (% NO3)								
DOP								

Other Chemical Tests Available: Ash, ADFIN, Crude Fat, Chloride, Lignin, Magnesium, Potassium, pH, Prussic Acid, Sodium, Sulfate and Total S, Salt, Selenium, Starch Availability (flaked grains), Trace Minerals (Cu, Fe, Mn, Mo, Za), Urea.

Customers are advised that NIR analysis of feed materials is an indirect determination. Many feed additives to forages are not detected by NIR in mixed rations. AR = As Received; DMB = Dry Matter Basis. Mailing labels and boxes available on request.
